SUMMARY

SOC Analyst with 3+ years of experience in cybersecurity and 2+ years in live 24/7 SOC operations. Most recently worked in a managed SOC service supporting 10+ clients, leading final client escalations, supporting analysts on difficult cases and coordinating shift operations. Experienced in investigating and containing threats with CrowdStrike Falcon, Cortex XDR/XSIAM/XSOAR and Microsoft Defender XDR, and in investigating suspicious emails, files and Microsoft Entra ID activity. BSc (Hons) in IT specializing in Cyber Security.

WORK EXPERIENCE

SOC Analyst | Delta Spike (Private) Limited **7/2025 - 10/2026**

- Worked in a managed SOC service supporting 10+ clients at the same time, adapting investigations and escalations to each client's environment and tools.
- Carried out shift leadership responsibilities alongside analyst duties: led final escalations to clients, coordinated shift operations and supported other analysts on difficult or complex cases.
- Investigated and responded to incidents using CrowdStrike Falcon, Cortex XDR, Cortex XSIAM, Microsoft Defender XDR and Stellar Cyber; isolated compromised endpoints and remediated remotely, including file removal and cleanup.
- Investigated user activity in Microsoft Entra ID using sign-in logs, audit logs, authentication events and managed-device details.
- Collaborated with the security engineering team to fine-tune detection rules using findings from daily monitoring and investigations, giving technical feedback and recommendations on detection logic to reduce false-positive alerts.
- Analyzed suspicious emails and files in isolated virtual machines and documented the findings.
- Used KQL and XQL for log investigation and filtering.
- Wrote structured investigation reports and monthly incident reports for clients, presenting findings and observations clearly.

Associate SOC Analyst | Flix 11 (Private) Limited **1/2025 - 7/2025**

- Investigated and handled escalated alerts and complex incidents using CrowdStrike Falcon EDR.
- Performed log correlation and incident investigations in IBM QRadar SIEM.
- Configured and tuned SIEM dashboards and detection rules to improve visibility and alert accuracy.
- Mentored and supported junior SOC analysts.
- Took part in ISO-related SOC audit sessions, answering auditors' questions on SOC operations and processes.
- Presented weekly customer meetings on security posture and incident trends, and proposed process improvements to strengthen customer security and SOC efficiency.
- Prepared incident reports for quarterly Information Security meetings.

Junior SOC Analyst | Flix 11 (Private) Limited **6/2024 - 12/2024**

- Monitored security events and alerts 24/7 using SIEM and EDR tools for real-time threat detection.
- Triaged alerts to validate them and assess severity and impact; escalated incidents and carried out response actions from SOC playbooks.
- Enriched investigations using VirusTotal, AbuseIPDB, AlienVault OTX, IPinfo, IBM X-Force Exchange and GreyNoise.
- Prepared daily and monthly reports and threat intelligence summaries.

TuteIr Infinity Internship | TuteIr Infosec Pvt Ltd | India (Remote) **7/2023 - 3/2024**

- Completed a remote internship program covering cloud security, digital forensics and incident response (DFIR), vulnerability assessment and penetration testing (VAPT), and Blue Team operations.
- Built foundational skills in threat detection, incident handling and security best practices.

TECHNICAL SKILLS

- EDR / XDR: CrowdStrike Falcon, Cortex XDR, Microsoft Defender XDR, Stellar Cyber
- SIEM and SOC Platforms: Cortex XSIAM, IBM QRadar
- Incident Response: Alert triage, endpoint isolation, remote remediation, escalation, client reporting
- Identity Investigation: Microsoft Entra ID (sign-in, audit and authentication logs; managed devices)
- Email and File Investigation: Suspicious email and file analysis in isolated VMs, evidence collection, investigation reporting
- Foundations: TCP/IP, DNS, DHCP, IPsec, SSL/TLS, VPN, OWASP Top 10, Windows, Linux
- Query Languages: KQL, XQL

EDUCATION

- **BSc (Hons) in Information Technology Specialising in Cyber Security** **Jun 2020 - Jun 2024**
  SRI LANKA INSTITUTE OF INFORMATION TECHNOLOGY
- **G.C.E ADVANCED LEVEL - Physical Science**

CERTIFICATION

- Foundation Level Threat Intelligence Analyst, arcX
- Foundations of Operationalizing MITRE ATT&CK, AttackIQ
- Advanced Incident Response and Threat Hunting, TuteIr Infosec Pvt Ltd
- Website Hacking Techniques, EC-Council
- Microsoft SC-200 Security Operations Analyst: in progress

LANGUAGES

- **English -** Professional
- **Tamil -** Native
